

As of 8/18/2021

These protocols are subject to change as more information is received and verified.

In the class: all students and instructors will be wearing masks.

All previous covid protocol for disinfecting and cleaning the classroom are still in place.

We are requesting, but not requiring vaccinations for employees and students.

In the car: A discussion between the student and the employee with regard to covid transmission risk is required. It will be up to both people to ensure each other's comfort and safety.

It is a sign of respect to be able to have an open conversation about this. If the client requests mask usage and the instructor is unable to comply, the student will be assigned a driver that will respect their wishes. Safety and respect are the most important tenets of driving, and all employees of Mullen's Driving School understand the importance of these ideals.

Sincerely,

Ben Mullen
